

NATURA

Nature-based solutions for Urban Resilience in the Anthropocene

WWW.NATURA-NET.ORG

The NATURA network of networks

Leveraging EFUFs potential at a global scale

Natalie Marie Gulsrud, University of Copenhagen (nagu@ign.ku.dk)
& Rik De Vreese, European Forest Institute (rik.devreese@efi.int)

<http://natura-net.org>

<http://efuf.org>

EFUF is a member of the Nature-based Solutions for Urban Resilience in the Anthropocene (NATURA) project which links networks globally to enhance connectivity among the world's **scholars and practitioners**.

EFUF associates can participate in

- NATURA Early Career Fellowships (deadline 1 June)
- Participate in a Thematic Working Group
- Participate in the Early Career (EC) Network
